General Information

Introduction to the Provider Directory

This provider manual is designed to share information about all Drug Medi-Cal service options for Substance Use Disorders in Santa Cruz County and the providers which deliver them to beneficiaries. It also includes information about how to access care.

In order to receive services, you must be enrolled or eligible for Medi-Cal, and meet medical necessity. For more information about eligibility and medical necessity, please see the Beneficiary Handbook found at <http://www.santacruzhealth.org/Portals/7/Pdfs/Beneficiary%20Handbook%202017.pdf>

If you are not eligible for Medi-Cal, and would like information about other substance use disorder treatment options, you may contact County Behavioral Health at (831) 454-5287.

Emergency Services

Emergency Services are available 24 hours per day and 7 days per week. If you are experiencing a health-related emergency, **please call 911 or go to the nearest emergency department for help.**

Emergency Departments in Santa Cruz County

Dominican Hospital

1555 Soquel Dr.

(831) 462-7700

Watsonville Community Hospital

75 Nielson St.
Watsonville, CA 95076
(831) 761-5613

In an emergency, you have the right to visit any emergency department of your choice.

Accessing Services

Many people have difficult times in life and may experience problems with substance use. The most important thing to remember when asking yourself if you need professional help is to trust yourself.

If you are eligible for Medi-Cal, and you think you may need professional help, you should contact the toll-free 24 hour per day, 7 day per week toll-free Access Line at (800) 929-2335 to request an assessment.

You may also be referred to the Santa Cruz DMC-ODS in other ways. The County accepts referrals for SUD services from doctors or other primary care providers who think you may need services, and from your Medi-Cal health plan. Usually a provider will need your permission, or the permission of the parent or caregiver of a child, to make a referral, unless there is an emergency.

Other people and organizations may also make referrals to the County including schools, social service departments, conservators, guardians, family members, and law enforcement agencies.

Alternatively, if you prefer to speak with a provider directly, you may connect with them using the information found in this Provider Directory.

If your child or teenager is struggling with substance use, you may use the Access Line at (800) 952-2335 to discuss your concerns and arrange for an assessment. If your child or teen meets the criteria for medical necessity, and is 12 years of age or older, DMC-ODS will cover services.

If you or someone you know is experiencing severe or life-threatening symptoms from the use or overuse of drugs or alcohol, **dial 911 immediately or go to the nearest emergency department.** Emergency services are covered by Medi-Cal 24 hours a day, 7 days a week, without requiring any authorization.

Service Options

DMC-ODS offers a range of service options for adult and adolescent beneficiaries based on their medical necessity. The services are designed to provide help for substance use issues beyond what a primary care doctor can provide.

Service Options for Adults

The range of services available for adults include:

- ◆ Outpatient Treatment
- ◆ Intensive Outpatient Treatment
- ◆ Residential Treatment (subject to prior authorization by the County)
- ◆ Withdrawal Management
- ◆ Narcotic Treatment
- ◆ Medication Assisted Treatment
- ◆ Case Management
